ErgoOne[®] Pipette Set

ErgoOne[®] pipettes combine researcher-requested features, precision engineering, and ergonomic principles for optimum performance. The light, balanced weight reduces fatigue, and the curved support hook and body allows a natural, relaxed grip.

Free with your ErgoOne® Pipette Set:

Acrylic Pipette Stand

Store single channel and multichannel pipettes neatly on the same stand! Unique vertical slots allow multichannel manifolds to rest inside the stand, saving space for other pipettes. Sturdy, 5 mm thick white acrylic stand has non-skid feet.

Product Number	Description
US19990003	3-place angled pipette stand, with 1 multichannel position
US19990005	5-place angled pipette stand, with 2 multichannel positions
